PICO Question Development

PICO question is created by the task force, and initial search strategy is completed by the information specialist.

Search Strategy Development

Initial search strategy is reviewed and approved by the task force and sent out for public comment. The full literature search is then completed by the information specialists and given to the evidence reviewers.

Evidence Reviewer Article Selection

At least 2 evidence reviewers are selected by the task force to complete a single PICO question. They construct the review/bias tables.

GRADE Evidence Review

Evidence reviewers capture data in GRADEpro and complete GRADE analysis.

Development of CoSTR

Evidence reviewers draft the consensus on science and treatment recommendations. All PICO questions are presented by the evidence reviewers at ILCOR meetings, like 2015 Consensus on Science Conference. ILCOR approves all recommendations that are submitted for publication.

ILCOR 2015 Consensus on Science work flow for all systematic reviews.
